Campbell University College of Pharmacy & Health Sciences is accredited by the Accreditation Council for Pharmacy Education as providers of continuing pharmacy education. To receive CPE credit, attendance must be acknowledged at the registration desk upon arrival at the program. Statements of credit will be available to print online after completion of the program evaluation.

Each year, the Educational Affairs Committee seeks input from conference attendees. Stemming from feedback over the past few years, we have made several minor changes to the schedule which should improve attendee experience going forward. Especially for those who are not “morning people” or who are traveling from western time zones, the morning devotional sessions will begin at 8:15 am instead of 7:45am. This change will in turn push the start time for morning CE sessions to 9 am. Further, the campus at Epworth is a bit larger than we have navigated in years past, so the extra time will be valuable should attendees need to freshen up in their guest room after breakfast. **We will have several golf carts available with drivers to help transport those who may not be able to walk the extra distance.** Our ultimate goal is to enhance fellowship time and to ensure everyone attends the devotional/praise and worship time each morning. Extra time in the morning will allow attendees to worship, fellowship, and become well equipped through exceptional, biblically integrated continuing educational sessions.
