

To: CPFI Board of Directors,

For the 2016 publication cycle, a spring issue with the theme, “Your Mission Field at Home” was a huge success and most recently, the fall issue “Missions in Motion” should arrive in your mailbox soon. Because of our huge response for articles from our spring issue, the fall issue was a mix of local and international missions.

I wanted to share two emails that I received from our members in regard to the journal:

“Thank you very much for taking the time to write the “Let it Go” letter for the spring journal. Very inspiring and challenging. The future of pharmacy is in good hands with you and yours. I am older, but not quitting yet... Keep fighting the good fight!”

“Hi there! I wanted to let you know that I am thankful that you chose to publish my article. The journal came to my mailbox on the 10 year anniversary of Grant's death. Also, I shared it with my supervisor and he read it in his district meeting...word for word. That meeting was with PIC'S. He also shared it in a meeting with staff pharmacists. He also said that his Regional manager wanted a copy and asked if it would be ok to share with others. I never dreamed that a company as big as CVS would share, but we are focusing on patient care....God's timing is so perfect and I am thankful I was obedient to share. Again, thank you for your efforts in the publication....God is so good! “It is encouraging to know that the journal is making an impact, even in corporate America!”

Please encourage those whom you know with great pharmacy with faith stories to share them with us to bless the membership. I feel very honored to be able to serve the membership in this capacity.

Sincerely,

Mary J. Ferrill, Pharm.D., FASHP
