

ATTN: PHARMD CANDIDATES

Choosing to Represent and Be Represented

What do you think will be your most exciting time of pharmacy school?graduation of course! Graduation marks the end of a long road full of many challenges but it also marks the beginning of so many opportunities. When we graduate, we are bombarded with lots of choices which can include which job offer to accept, where to live, buy or rent a house, and in which professional organizations to remain a member.

Serving Christ and the World through Pharmacy

Many PharmD candidates graduate and then become disconnected from the organizations they belonged to while in pharmacy school, but CPFI offer graduates great opportunities.

Benefits to CPFI Membership after Graduation

- Belong to a national pharmacy fellowship of believers
- Identify yourself as a Christian pharmacist to your patients
- Support missionary work in other countries
- Be represented by the CPFI leadership in our profession
- Stay connected to other Christian pharmacists throughout the country
- Enjoy discounted CPFI conference rates each year
- Participate in prayer breakfasts at major pharmacy conferences

As pharmacists, we are able to connect with so many people in our communities throughout each day of our careers. We should challenge ourselves to be Christians first and pharmacists second, always looking for opportunities to represent Christ and be a Christian pharmacist. Colossians 3:17 states, ... *whatever you do, whether in word or deed, do it all in the name of the Lord Jesus, giving thanks to God the Father through him.*
